MEMBER-OWNED EQUIPMENT UPDATE

Brunswick Electric Membership Corporation (BEMC) will no longer sell or provide 200A single-phase, 200A three-phase, 320A single-phase or 320A three-phase meter sockets to members effective March 1, 2022, or while supplies last. We will continue to provide 400A single-phase self-contained meter sockets and 36"x36" CT cabinets to members at no cost.

Equipment must be picked up at one of BEMC's offices and installed by the member or a licensed electrician. To receive equipment from a BEMC warehouse, the individual must present appropriate documentation in the form of a work order number to the warehouse attendant. The work order number will denote what type of equipment is needed for the application.

BEMC personnel will be responsible for all installation and wiring of CT's, metering dip switches and secondary connections within the CT cabinet.

If you have any questions or concerns, please call 800-842-5871.
