

BRUNSWICK ELECTRIC
MEMBERSHIP CORPORATION

MEMBER HANDBOOK

On behalf of the Board of Directors and employees, welcome to Brunswick Electric Membership Corporation

JOSH WINSLOW, CEO

BEMC operates on a not-for-profit business model and is 100 percent owned by the members it serves – you! We're committed to providing the safest, most reliable electricity at the lowest possible cost. But being an electric cooperative means much more than just providing electricity. It means striving every day to make a brighter future for our members, and to make a difference in the world in which they live.

We serve our local members by:

- supporting our local communities
- maintaining affordable rates through targeted energy-efficiency programs
- offering flexible, value-added services to fit each member's lifestyle
- practicing environmental stewardship and sustainability

You are invited to read through this guide to learn more about your co-op, the services we provide, and the programs we offer to benefit the community. Can't find what you are looking for? Please call and speak with our member services team at 800-842-5871, Monday through Friday between 8 a.m. and 5 p.m. or stop by one of our three offices. We're here to serve you and we look forward to meeting you.

Thank you,
Josh Winslow
CEO

7 Cooperative Principles

OPEN AND VOLUNTARY MEMBERSHIP

Open to all persons able to use services and accepting of responsibilities.

DEMOCRATIC MEMBER CONTROL

Members actively participate in setting policies and making decisions.

MEMBERS' ECONOMIC PARTICIPATION

All members invest in their co-op. People, not shareholders, benefit from profits.

AUTONOMY AND INDEPENDENCE

Co-ops never compromise their democratic member control.

EDUCATION, TRAINING, AND INFORMATION

Opportunities for members, employees and greater community.

COOPERATION AMONG COOPERATIVES

Working together is the best strategy to empower members and build a stronger economy.

CONCERN FOR COMMUNITY

Contribute to sustainable development of their communities by sourcing and investing locally.

BEMC Overview

1939

Energized our first lines

approximately

120,000

meter locations in Brunswick, Columbus, and parts of Bladen and Robeson counties

co-op in
North Carolina

10

board members, democratically elected by the membership, tasked with governance and oversight of the cooperative's performance

Employ more than

200

of your friends and neighbors

Office locations in
Supply, Whiteville and
Southport/Oak Island

99.9%

Consistently achieve a reliability rating of greater than 99.9%, which is the amount of time your power is on

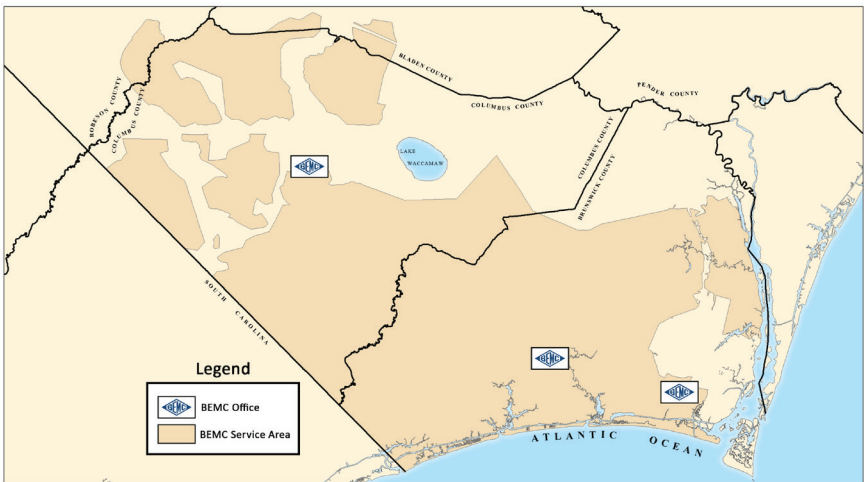

Power Source

BEMC is a distribution cooperative.

BEMC builds and maintains over 7,776 miles of local, member-owned transmission and distribution power lines. Power is purchased through our partnerships with NC co-ops, which allows us to leverage low-carbon sources of electricity at the best market prices. BEMC utilizes integrated grid technologies to ensure reliability and value for the membership.

Service Area

BEMC serves Brunswick, Columbus, and parts of Bladen and Robeson counties.

Bill Payment Options

SmartHub: use your computer, smart phone or tablet to view your bills, and make secure payments. Monitor your energy use 24/7 and set threshold alerts to prevent any surprises on your bill. Download SmartHub for free at the Apple Store or Google Play.

Automatic Draft: on time, every time.

24/7 automated phone system: call 866-934-6830.

Bill Payment Terminals (BPTs): located throughout our service area. Visit bemc.org for a complete list of locations.

PrePay Power: take control of your spending with PrePay Power. Pay for your power in advance and only buy more when you need more.

Equalized Billing: evens out the seasonal variations in your electric bill so that you pay a standard amount each month.

By Mail: please be sure to allow at least five (5) business days for your payment to reach us.

In-person: at any of our three locations – Supply, Whiteville, or Southport/Oak Island, during business hours of 8 AM – 5 PM, Mon-Fri. Pay your bill at the counter or drive-through window, or after hours through the night depository.

For more information on payment options,
please call 800-842-5871.

Explaining Your Bill

If Your Power Goes Out

If you are calling to report an outage, the location of your outage can be identified immediately by the phone number we have associated with your physical address. If you are not calling from the outage location, when prompted, enter the phone number of the location where your outage is occurring.

To see a current list of outages, visit outage-maps.bemc.org.

To Report an Outage:

text

"outage" to 800-682-5309

use

SmarterHub

call

800-682-5309

online outage form

bemc.org/report-power-outage

Energy Programs

Connect My Thermostat

With Connect My Thermostat, we work together to reduce energy use on the hottest and coldest days of the year to save you money and help keep rates affordable for everyone.

Sign up to save!

Enroll your existing smart thermostat and receive an upfront \$50 bill credit and a \$4 credit each month. Enrolling allows BEMC to make minimal adjustments to your HVAC settings during a limited number of peak demand periods.

Community Solar

Members who wish to generate their own renewable electricity, but don't want the hassle of installing or maintaining their own solar array may participate in our community solar program by purchasing the output of one or more solar panels.

BEMC has two community solar farms, one in Brunswick County and one in Columbus County, with more than 700 panels available for lease through this program.

Rooftop Solar
Members who want to generate their own renewable electricity, but maintain a connection to the grid, are fairly compensated by BMC for their solar panels' output.

Owners of small renewable energy systems receive monthly credit for the electricity their panels generate.

Off-Peak Advantage

The optional Off-Peak Advantage rate is designed for members who can maximize electricity use during off-peak hours. Compared to our standard time-based rate, this plan has higher on-peak prices but offers lower off-peak rates.

On-Peak Summer

April 16 - October 15
2 p.m. to 6 p.m.
Weekdays

On-Peak Winter

October 16 - April 15
6 a.m. to 9 a.m.
Weekdays

Super Off-Peak

10 p.m. to 5 a.m.
Every day

The Off-Peak Advantage is most rewarding for members who can shift energy-intensive tasks – such as doing laundry, cooking and heating/cooling – away from peak hours.

For more information on these programs,
please call 800-842-5871.

EV Charging Stations

BEMC has seven electric vehicle (EV) charging stations across our service territory.

1. Brunswick Forest, 1112 E. Cutlar Crossing, Level II charger
2. Calabash, 1045 River Road, Level II charger
3. Sunset Beach, 419 Sunset Blvd., Level II charger
4. Ocean Isle, Monroe St., Level II charger
5. Holden Beach, 107 S. Jordan Blvd., Level II charger
6. Shallotte, 123 Mulberry St., Level II charger
7. Oak Island, 182 Southeast 46th St., Level II Charger

Community Programs

Warm Homes, Warm Hearts:

This program allows our service territory members to help keep their neighbors warm during winter by donating funds to this campaign. Every year, BEMC matches up to \$50,000 for all donations. All funds from this program are administered to members in need through Brunswick Family Assistance and the Columbus County Department of Aging. Since 2008, more than \$1 million has been raised for this heating assistance program.

NC Electric Cooperatives Youth Tour:

BEMC sponsors two students each year to visit Washington D.C. through the Electric Cooperative Youth Tour. During their trip, students meet federal elected officials, learn about our nation's history, the cooperative business model, and the importance of civic engagement.

College Scholarship Program: BEMC awards eight scholarships of \$2,000 each to high school seniors from the Brunswick County and Columbus County area served by BEMC.

Carolina Country Magazine:

As a member of BEMC you will receive a free copy of Carolina Country each month. The magazine is filled with stories of people across the state, our monthly newsletter, tips for saving energy, recipes and more.

Supporting Innovation in Classrooms:

The Bright Ideas grant program was created in 1994 at Brunswick Electric and has since been adopted by all electric co-ops in North Carolina. This program provides up to \$2,000 to teachers for special, innovative classroom projects that may otherwise not be funded. To date, the program has provided almost \$11 million in education grants across the state.

Funding for Community Service Projects:

Each year, BEMC provides up to \$2,500 to community groups and non-profit organizations that make a difference in the lives of our members. Funding for these grants comes from BEMC's equipment auction. Since 2003, BEMC has granted more than \$750,000 to area organizations.

Energy Efficiency Loans:

BEMC provides low-interest loans to qualified members to help you make energy efficiency improvements to your homes and businesses.
